Advertising Editor  
National Guardian

Dear Sir:

I have always had great confidence in Guardian advertisers and Guardian advertised products and I enrolled my son in Camp Timberline after reading their ad in the Guardian this spring. From their advertising, literature, pictures of camp activities and correspondence with Dr. Gustafson, director of the camp, I was led to believe that it was a camp with an enrollment of about 60 children and that my son would have a group of companions of his age. Neither he nor I would have considered, even for a moment a camp of a handful of children. I feel that if the director of the camp were a person of integrity she would have advised of the peculiar conditions of her camp before requesting our fee in full, and since she did not mention the fact that almost no other children were enrolled in the camp, her intention was to deceive and defraud us.

A week before my son was to go to camp we paid a visit to the camp and were dismayed to find 8 children there. Four of the 8 were children of staff members! We advised the director that we wished to withdraw and that since we had been misled by her we wanted our money returned.

The camp director made false claims of expenses she had allegedly incurred and made false statements to us in general. She insisted on keeping 1/3 of our enrollment fee, a large sum to a family of modest means.

Of course, I do not consider you to be in any way responsible but I feel that this is not a reputable camp, and to spare any other trusting Guardian reader this very expensive lesson, I think you might well consider refusing advertising from Camp Timberline in the future.

The enclosed is towards your emergency fund.

Sincerely yours,

9, 16

OFFICE OF THE DIRECTOR

SUBJECT:

SECURITY MATTER - C

This case is being reopened under the program of investigating all individuals included in the Communist Index in the NYO.

The following minimum investigative steps must be taken:

1. Review file and all pertinent references thoroughly.
2. Contact informants, sources and defected Communists who could be expected to know the subject. Contact for evidence of current activity and also for the sources' evaluation of potential dangerousness.
3. Determine residence and employment. Check against the key facilities and classified contractors lists to insure full and complete dissemination is made. Submit Form FD-123 if the subject has moved to a new field division.
4. If the subject has been a CP drop or ceased activity suddenly, develop information to show the reason. Many of these drops are purely on the basis of theoretical and intellectual differences. The convictions of the persons involved remain unchanged in their hard-core devotion to the principles of international Communism, waiting only for what they consider to be a more favorable climate within ruling Communist circles. It should also be borne in mind constantly that unexplained cessation of Communist activity by a subject may well be based upon a contemplated assignment in espionage or illegal underground activity.
5. Consider interview or reinterview without regard to prior interview results. Bear in mind the Khrushchey revelations of terror under Stalin, anti-Semitism in the Soviet Union and the Hungarian revolt.
6. Secure a current description.

These cases must be given expeditious attention since it will be our responsibility to fully handle the approximately 4232 cases on individuals included in the Communist Index.

In the event reports are submitted in this case, the cover letter (or cover pages) should have the additional caption "Communist Index" after the title.

MEMO

Forms will be available to recommend the inclusion of the individual's name in Section A of the Reserve Index. These forms will contain a succinct summary, setting forth the basis for recommendation. If no report accompanies the recommendation, a statement to that effect should appear on the page containing the succinct summary. Investigations of individuals listed in Section A are to be brought up to date annually and they are to be considered for Security Index status or retention in the Reserve Index. Changes in residence and employment will be submitted to the Bureau.

The administrative handling of the reopening of these cases will be similar to that in the case of annual reports on SI subjects. Section B of the Reserve Index will be the names of the remaining individuals in the Reserve Index who are not in Section A.

The revised standards for inclusion of names in the Reserve Index are:

1. Membership in a basic revolutionary organization subsequent to January 1, 1949, together with some indication of sympathy or association with such an organization or a subversive front organization subsequent to the reported membership and no reliable evidence of defection.
2. Investigation has failed to substantiate allegations of membership in a revolutionary organization within the past five years, coupled with some evidence or information indicating activity, association or sympathy for the subversive cause within the same period, and no reliable evidence of defection.
3. The individual, within the past five years, by his associations, writings, financial support or conduct in relation to and support of subversive organizations or the international communist movement is in a position to influence others at the time of a national emergency and no reliable evidence of defection.
4. Leadership or substantial activities in a major subversive front group over three years ago, together with some evidence of continuing activity, association or sympathy for the subversive cause within three years and no reliable evidence of defection.
5. Membership in a subversive front organization within the past three years and no reliable evidence of defection.

In handling this case the Agent should insure that the description appearing on the Reserve Index card is correct and should complete a form NY 125. Every closing memo, letter or report should be routed to the SI Unit with NY 125 attached.

INDICES SEARCH AND FILE REVIEW Failed to reflect any additional pertinent unreported information re activities of the subject.

MISCELLANEOUS: Subject was contacted for interview by Bureau agents on 4/12/57 and was uncooperative, and when he appeared before the HCUA Executive Session on 10/19/53, he invoked the 5th Amendment. His spouse was uncooperative when contacted by Bureau agents on 3 occasions, one as recently as 4/1959. Considering the number of times in the past that the subject and his spouse have been uncooperative, it is felt that an additional contact would be unproductive.

Subject has been deleted from the record index because his CP membership was prior to 4/1/49, and his connection with CP front organization was not in a leadership capacity.

APPENDIX

W.E.B. DU BOIS CLUBS OF AMERICA (DCA)

A source advised that on October 26-27, 1963, a conference of members of the Communist Party, USA (CPUSA), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would hunt for the most peaceful transition to socialism. The delegates were told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself.

A second source has advised that the founding convention for the new youth organization was held from June 19-21, 1964, at 150 Golden Gate Avenue, San Francisco, California, at which time the name W.E.B. Du Bois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention.

The second source advised in September, 1966, that MIKE ZAGARELL, CPUSA Youth Director, stated that in Negro communities the Party still supported the plan to build "left" socialist centers and to solidify the Party base through the DCA. This source also advised in September, 1966, that DANIEL RUBIN, CPUSA National Organizational Secretary, stated the Party believes the DCA should have a working class outlook and be a mass organization favorable to socialism, socialist countries and Marxism, and in April, 1967, GUS HALL, CPUSA, General Secretary, indicated that the DCA primary emphasis should be on developing mass resistance to the draft.

A third source advised in September, 1967, that JARVIS TYNER was elected chairman of the DCA on September 10, 1967, near the conclusion of the Third National Convention of the DCA held in New York, New York, from September 8-10, 1967.

A fourth source advised during August, 1967, that JARVIS TYNER is a member of the National Committee of the CPUSA.

A fifth confidential source advised on September 21, 1967, that the headquarters of the DCA is located at 34 West 17th Street, New York, New York.

APPENDIXNATIONAL COMMITTEE TO ABOLISH  
THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE

The "Guide to Subversive Organizations and Publications", issued December 1, 1961, by the Committee on Un-American Activities, United States House of Representatives, Page 115, contains the following citation regarding the National Committee to Abolish the Un-American Activities Committee (NCAUAC):

"Cited as a 'new organization' set up in the summer of 1960 to lead and direct the Communist Party's 'Operation Abolition' campaign. Seven of the national leaders of this group have been identified as communists.

"(Committee on Un-American Activities, House Report 1278 on the Truth About the Film 'Operation Abolition', Part 1, October 3, 1961, Page 5)"

A source has advised that the NCAUAC changed its name on March 3, 1962, to include the word "House" in its name, thereby becoming known as the National Committee to Abolish the House Un-American Activities Committee (NCAHUAC). A national meeting of this organization was held in Chicago, Illinois, on April 27 and 28, 1963.

A second source advised on May 1, 1968, that as of that date the NCAHUAC continued to function with headquarters at 555 North Western Avenue, Los Angeles, California.
